Solid HearSavers

ReSound Solid HearSavers work to protect your hearing against loud outside noise. Suitable for industrial workers, builders, construction workers, military / aircraft operators and loud concert goers.

ReSound Solid Hearsavers are available in a range of colours

Sound exposure to excessive noise can cause hearing loss depending on the intensity and duration of the noise. Hearing Protection is as individual as you are and therefore choosing the correct hearing protector for your personal needs should be based on the intensity level, duration and type of noise you are being exposed to.
